TARIFF BILL PROSPECT

It Will Probably Be Reported to the Senate on Tuesday.

A NUMBER OF CHANGES MADE.

The Republican Members Have Made Suggestions and the Democrats Will Probably Act on Them Favorably—The Administrative Part of the Bill Very Similar to the McKinley Act.

WASHINGTON, March 17.—Senators representing both the Democratic and Republican sides of the senate committee on finance expressed the opinion at the close of the committee meeting yesterday that the bill would be reported to the senate on Tuesday next. They stated, however, that no agreement to this effect had been entered into, but that the opinion was the result of a knowledge of the progress that had been made upon the bill since the full committee has been in possession of it.

The entire time of the meeting, which continued from 10 a. m. until 3:30 p. m., was devoted to that entire portion relating to the methods of collecting the revenues in both the tariff and the internal revenue parts of the bill, and it was announced at the close that this part of the work had been practically completed.

Assistant Secretary of the Treasury Hamlin was again with the committee during the afternoon for the purpose of making suggestions and answering questions as to the operation of the various provisions of the bill bearing upon its administration by the department.

When the Republican members of the committee withdrew, the Democratic members went into consultation upon the suggestions made by the Republican members. They had discussed with the Republicans the points made by them in full committee, but found it necessary to hold a party conference before announcing a decision.

There are some indications that several changes will be made in accordance with the opinions advanced, and one of the Republican members of the committee stated that he thought that practically all the changes suggested by them would be adopted, which would, he said, leave the administrative part of the bill very similar to the McKinley law in this respect.

The committee will now take up the schedules, and it is presumed will devote itself to considering suggestions bearing upon various paragraphs of the bill, which the members, both Democrats and Republicans may think should be changed. The appearances now are that the Democrats will have quite a large number of changes, which they will agree upon, and these changes will include the transfers of a number of articles to the free list, which were made dutiable in the senate bill before the sugar duty had been agreed upon.

The treasury department estimates makes it appear that the bill will give a larger revenue than will be needed by the government, which will afford the committee an opportunity to make a greater number of articles free than would have been possible if the sugar duty had not been imposed.

It is understood that the committee has under consideration a suggestion looking to a provision for a check upon the valuations of imports made by New York appraisers by amending the bill so as to require that all invoices shall be sent to the treasury department at Washington.

OXFORD-CAMBRIDGE BOAT RACE.

The Oxfords an Easy Winner in Twenty-One Minutes.

LONDON, March 17.—The greatest event in the English aquatic world—the race between the Oxford and Cambridge boat clubs—took place today in the presence of the great crowd of people that always lines both banks of the river Thames from Putney bridge to "the Ship," at Mortlake, the points at which the race begins and ends.

When the crews appeared on the landings and prepared to enter their boats to take up their positions at the starting line a mighty cheer ascended that gave notice to those farther up and around the bend in the river that the race was about to begin.

At 9:12 the pistol was fired for the start and both crews started well together. Eight minutes later the Cambridge crew was pulling 42 strokes to the minute and the Oxfords 40.

When the lead mills were reached Oxford had opened a gap of a length between themselves and the Cambridge crew. At 9:25 Oxford still maintained the lead of a length and was gradually forging ahead.

The Oxford crew passed Thorneycroft four lengths in the lead, but here they eased off their stroke a little, and when the Devonshire meadows were reached they were only three lengths ahead.

Barnes' Bridge was passed at 9:29, and when the Oxfords passed under it, they were again four lengths in front. The finish line at Mortlake was crossed by the Oxfords at 9:33.

The unofficial time was 21 minutes. Cambridge did not gain on the Oxfords after Barnes' Bridge was passed.

Killed by Electric Cars.

ST. LOUIS, March 17.—Peter Johnson, a boy of 8 years, was run over by a South St. Louis electric car in front of his home and had both legs and his left arm cut off. He died at the city hospital. Morris Silverstein, aged 4, was run over by an electric car and instantly killed. The child's head was cut off.

Hiram's Bill Not Yet Signed.

WASHINGTON, March 17.—Representative Bland of Missouri was among the callers on the president yesterday. He urged the president to sign the silver coinage bill.

BIBLES IN PUBLIC SCHOOLS.

Devotional Exercises Not Compulsory in Indiana.

INDIANAPOLIS, March 17.—State Superintendent of Public Instruction Vories has rendered an important decision, to the effect that devotional exercises can not be enforced in the public schools of the state.

According to the provisions of the constitution, the superintendent says, the only thing the legislature intended to authorize school authorities to do was to place a Bible in the school and learn the use of it to the judgment of the teacher.

A rule requiring devotional exercises might interfere with the rights of conscience either of the teachers, some of the pupils or parents and is not warranted. The law authorizes religious exercises in the schools, but does not enforce them.

An Ardent Lover Badly Hurt.

ENGLISH, Ind., March 17.—Thomas Targer, son of a prominent politician of this city, was en route home from Colorado to wed Miss Mamie Greer. He intended to leave the train at Milltown or Depauw, but after it had started from this place he looked out of the window and saw Miss Greer standing on the platform, she being here on a visit to relatives. Thereupon he attempted to jump off, and he was thrown so violently to the ground that he broke his collarbone and shoulderblade, and received internal hurts. At last accounts he was still unconscious. He is only 23 years old. Recently he was appointed superintendent of a mining company in Colorado.

Haunted by a Murdered Wife.

ENGLISH, Ind., March 17.—Winfield Scott of this county, in 1874, was accused of murdering his wife, but on trial he was acquitted. He was then arrested for burning barns belonging to relatives of his wife who had been active in prosecuting him, and he was convicted in the Harrison circuit court, but he escaped before sentence was passed. Information has just been received here that he died by his own hand near Virginia City, Nev., two weeks ago. The letter says that he had been on a protracted spree for over a month. In his delirium he complained that his wife was tormenting him, although he constantly denied that he murdered her.

Girl Disguise as a Cowboy.

INDIANAPOLIS, March 17.—The police arrested two tramps on East Washington street Friday morning. One, dressed as a cowboy and wearing a sombrero, proved to be a woman aged about 20. Her disguise was good, but her small feet exposed her identity. At the police station she gave her name as Maggie Sowers, and said she was a sister of the man who was arrested. The police do not believe her story. Her hair was cut closely. The man says he has been known on the road as "Shorty." The couple will be held for further investigation.

Charged With Attempted Robbery.

GEORGETOWN, Tex., March 17.—Three Georgetown boys, Tass Dever, Nate Dever and Von Evans, have been arrested, charged with the attempted robbery of the International and Great Northern train, at Palm Valley, last Monday night. The arrests were made on information given the officers by Billy Mayfield, whom the suspects tried to murder Thursday night. The prisoners are young men and unmarried and belong to good families.

Not a Legal Tender.

LEBANON, O., March 17.—The defendants in the suit of Soule vs. Middletown and the Cincinnati road introduced no testimony, but rests its case on the plaintiff's testimony. The court instructed the jury to return a verdict for the railroad on the ground that the offer of a \$20 bill in payment of a 90-cent fare was not a legal tender and a verdict was found in accordance with the instructions. The case will be appealed.

A Boy's Terrible Death.

PORLAND, Ind., March 17.—James Marker, a boy 12 years old, met with an accident in the Camden oil field which caused his death. He was oiling an engine and caught his foot in the machinery. His leg was slowly drawn in and crushed to a pulp. Two surgeons amputated the injured member, but he was unable to stand the operation, and he died as the last bandage was adjusted.

Glove Fight at Cleveland.

CLEVELAND, March 17.—A rattling glove fight occurred yesterday afternoon. Pat Raedy, champion middleweight of the southern states, and Elmer Johnson, Michigan heavyweight, were the principals. Raedy proved himself to be a fighter and outclassed his man in science, experience and hitting power. The fight lasted six rounds and was won by Raedy.

Defaulter Sentenced.

MINNEAPOLIS, March 17.—Lonis and Frank Floyd were sentenced to five years each in the penitentiary for complicity in the defalcation of Phil M. Scheig, the ex-teller of the Bank of Minneapolis, now serving a seven-year sentence at Stillwater.

Peddler Beaten and Robbed.

COLUMBUS, O., March 17.—Charles Johnson, a peddler of 61 East High Street, was held up, shot and robbed by highwaymen in broad daylight three miles east of Hanover, Licking county. The highwaymen got \$65. Johnson may die from his injuries.

Insane by Reason of Illness.

ROCKPORT, Ind., March 17.—George Evans, the eldest son of Hiram Evans of this place, was brought home yesterday from Mississippi. He had been sick with typhoid fever, and it affected him mentally. There is hope of restoration.

REVIEW OF TRADE.

R. G. Dunn & Company's Weekly Business Report.

NO STARTLING ANNOUNCEMENT

Prices of Commodities Are on the Whole the Lowest of Which There Is Any Record—Boom in the Iron Market and Furnaces Starting Up—Encouragement Is Shown in the Failure Report.

NEW YORK, March 17.—R. G. Dunn & Company's weekly trade review says: Prices of commodities are this week on the whole the lowest of which there is any record, having declined one-half per cent in March and averaging 11.3 per cent lower than a year ago, so that more than a third of the decrease in volume of all payments is due to decline in prices of things consumed.

Six more iron furnaces have gone into blast this month, in part because prices of finished products are a shade lower, and further contracts have thus been secured. Pittsburgh gets the lion's share, and has most of its works in operation, cheaper freights having helped this week, with lower wages and coke, and contracts for Mesaba ore at \$2.25. The Illinois steel works are about to resume in part, having secured orders for rails, but at the east rails are inactive, and deliveries everywhere are the lowest for many years. Cheapness of material and labor stimulates the erection of many buildings, both east and west.

In women's dress goods, it is judged from sales of wool, the business is about three-fourths of the usual magnitude, serges being in better demand. But in men's goods not more than a quarter of the usual orders for fall trade have yet been received. The demand is so large that sales of wool exceed last year's, i.e., \$48,200, and for the month thus far the increase has been about 1,900,000, though in February the decrease was 21.3 per cent. Cottons are generally steady, though good results have followed a small advance in Lancaster gingham, and further concessions in brown goods are refused. But stocks of print cloths are the largest in March since 1885.

The volume of business represented by all clearings this week is 31.2 per cent less than a year ago, and at all cities outside New York 21.4 per cent less, against 17.4 per cent last week. Railroad earnings make a better comparison, falling but 10.6 per cent below last year's for the first week of March, against 13.7 per cent in February, but the gain is in part because trunk lines have cut rates and secured, for the first week in a long time, a larger eastbound movement than was recorded a year ago. The westbound movement is also larger in dry goods and groceries.

Speculation in products is somewhat tame, though pork and lard have declined sharply, while corn is held steadily, with receipts 40 per cent larger than year ago. Wheat has been depressed by the department report that 114,000 bushels remained in farmers' hands March 1, indicating very great errors in estimates of yield, or else a heavy decrease in consumption.

Cotton has declined a shade, and estimates of the crop are about 7,500,000 bales, in place of 6,600,000 reported not long ago.

Failures for the first week of March were few, with liabilities thus far reported of only \$2,025,348, of which \$16,284 were of manufacturing and \$1,161,270 of trading concerns. Owing to large deferred statements received too late for use last week, the aggregate of liabilities for February has been raised to \$17,895,070. The number of failures this week is 264 in the United States, against 190 last year, and 55 in Canada, against 30 last year. The absence of important embarrassments is still most encouraging.

Anthony Comstock "Given the Rush."

NEW HAVEN, March 17.—Anthony Comstock last night lectured on the street to a big crowd of boys on "The Evils of Drunkenness and Dime Novel Reading." Several thousand boys gathered around Comstock and cheered and made such a noise that his remarks could not be heard. Some Yale students were attracted to the lecturer and finally rushed at him, and handled him in a rough manner, putting their arms around his neck and wrist with a piece of tin, but he was discovered in time and was quickly revived and hanged. He died protesting that he had killed the constable in self-defense.

Tried to Cheat the Gallows.

CHARLESTON, March 17.—Jerry Horbeck was hanged in Berkeley county jail yesterday, for the murder of Bob Hazel, a constable, last spring. Early in the morning the prisoner attempted to commit suicide, and succeeded in gashing his neck and wrist with a piece of tin, but he was discovered in time and was quickly revived and hanged. He died protesting that he had killed the constable in self-defense.

Death of Two Pioneers.

LOUISVILLE, March 17.—Two of Louisville's pioneer dry goods merchant princes died at their homes in this city yesterday. They were John Allen Carter, president of the Carter Dry Goods company, and John M. Robinson, senior member of the firm of J. M. Robinson, Norton & Company. Both are wealthy and their houses stand without a peer in the south. Mr. Carter was 72 years old and Mr. Robinson 70.

No Union Men Strike.

PITTSBURG, March 17.—The nonunion men employed in the Clinton rolling mill on West Carson street have struck against a 10 per cent reduction in their wages. The entire sheet department is closed down, and many of the puddlers left the mill yesterday afternoon refusing to work out the day. The mill has been running double turn since it was thrown open to nonunion men several months ago.

Boot and Shoe Manufacturers Assign.

WORCESTER, Mass., March 17.—The boot and shoe manufacturing firm of Isaac Froutry & Company of Spencer, one of the biggest concerns of its kind in the country, made an assignment for the benefit of its creditors yesterday. Its factory employs 2,000 hands. No statement can be obtained of assets and liabilities.

Farmer Instantly Killed.

BLUFFTON, O., March 17.—Joseph Gillespie of near Belle Center was thrown from a horse while riding about the farm and was instantly killed, his neck being broken by the fall.

WAR NOT YET OVER.

More Than One Trouble Threatens the Republic of Brazil.

Buenos Ayres, March 17.—A dispatch received from Rio Janeiro says that President Peixoto insists upon the surrender of Admiral Da Gama and the other rebel officers who have taken refuge on board Portuguese vessels. The president declares that they will be tried by the ordinary tribunals. The Portuguese admiral has refused to give up the officers who have sought refuge on board the Portuguese ships; but he has promised to refer the matter to the Portuguese government and to act in accordance with the instructions which he may receive from Lisbon.

The Portuguese admiral has refused to give up the officers who have sought refuge on board the Portuguese ships; but he has promised to refer the matter to the Portuguese government and to act in accordance with the instructions which he may receive from Lisbon.

A dispatch received from Rio Grande do Sul says that Admiral Melo is actively engaged in organizing land forces. It is reported that Melo has ordered the Aquidabam to attack some of the northern ports of Brazil.

A rebel warship Republica is said to be repairing damages and recoupling at Paranagua.

The rebel torpedo boat under the command of Admiral Melo are said to have assembled at the entrance of Santos.

De Melo's Demands.

Buenos Ayres, March 17.—A dispatch received here from Rio Janeiro states that the provisional government established at Desterro by Admiral Melo has demanded that all the powers recognize the remaining Brazilian insurgents as belligerents.

GROTESQUE FAILURE.

"General" Fry's "Army of Unemployed" Is No Army at All.

LOS ANGELES, March 17.—"General" Fry's army of unemployed, organized to march on to Washington, is a grotesque failure.

The city council, board of supervisors and officers of the associated charities met yesterday morning and decided to relieve all merititious cases of destitution, but to recognize no organization of unemployed. Five hundred dollars was subscribed for immediate use. Work will be supplied on streets, and the vagrant law be enforced. The authorities will disperse any army or like organization.

The army, numbering about 300, on learning the result of the meeting, abandoned its barracks and marched out of the city, apparently beginning its great march. They had no organization and no leadership. Their leaders are said to have looted the treasury and left the main body without funds or rations. The large majority was without blankets.

Before they reached Alhambra, five miles distant, many had dropped out and retreated to the railroads in hopes of catching trains. Deputy sheriffs and constables along the line of march have been notified, and will arrest members of the dispersed army as fast as opportunity offers.

COLD STORAGE WAREHOUSE BURNED.

Defective Electric Light Wiring Causes a Heavy Loss of Property.

OMAHA, March 17.—Fire broke out yesterday afternoon in the cold storage warehouse of Mullin & McClain at Eighth and Howard streets. The blaze was a nasty one to fight, but after working about two hours, the firemen had it out, apparently, and withdrew the apparatus.

Yesterday evening about 10 o'clock the fire broke out again fiercer than before, and was soon beyond control. The building was four stories high and covered a space of 80 by 100 feet. It was filled with fruit and other perishable articles. The fire is charged to defective electric light wiring. The loss can not be stated exactly, but will amount to upwards of \$100,000. One fireman was badly hurt by the overturning of the hose cart on which he was riding.

CHARLESTON, March 17.—Jerry Horbeck was hanged in Berkeley county jail yesterday, for the murder of Bob Hazel, a constable, last spring. Early in the morning the prisoner attempted to commit suicide, and succeeded in gashing his neck and wrist with a piece of tin, but he was discovered in time and was quickly revived and hanged. Fair weather, followed by increasing cloudiness; slightly warmer; southwest winds.

Here's another item for the howler of the Ledger:

CHICAGO, Ill., March 15.—It was definitely announced to-day by Secretary Gray that the Illinois Steel Company will resume operations next week. Two thousand men will be given employment at the start.

THE Alabama iron men are shipping thousands of tons of pig iron to Liverpool, England. The Courier-Journal pertinently remarks: "The iron men are afraid of English competition in this country, but not in England." Their actions demonstrate the fallacy of their pleas for a high tariff.

A COLORED desperado was lynched at Stroudsburg, Pa., this week, but the Republican papers who are persistently ranting about mob law in the South have hardly noticed this affair in the Keystone State that recently gave their party nearly 200,000 majority. How they would have howled over it, if it had occurred down South.

THE BALANCE OF TRADE.

If nothing unusual occurs between now and June 30, the balance of trade in favor of the United States for the present fiscal year will be remarkably large, says the Cincinnati Tribune. Up to January 31 the exports amounted, in round numbers, to \$573,000,000. For the same time the imports amounted to \$371,000,000, the balance in favor of the United States being a trifle over \$200,000,000. At this rate the balance for the entire year will approximate \$350,000,000. Our country's exports have never exceeded these figures, except in 1872, when Europe was woefully short of breadstuffs.

WHAT THE BRITISH BUY OF US.

During the fiscal year of 1892-3 the American exports of bacon amounted to 392,000,000 pounds, of which Great Britain took 335,000,000 pounds; ham, 82,000,000 pounds, and Great Britain took 69,000,000 pounds; salt pork, 53,000,000 pounds, Great Britain took 12,000,000, and British North America 8,000,000 pounds. The lard exports for the same period amounted to 360,000,000 pounds, of which Great Britain took 138,000,000 pounds. Fresh beef exported during the last fiscal year amounted to 206,000,000 pounds, of which Great Britain took 205,000,000 pounds, almost all of it. Salt beef exports were 58,000,000, all of which were taken by Great Britain. The canned beef exported amounted to 79,000,000 pounds, and Great Britain bought it all.

It strikes me that one of the wisest things "Uncle Sam" could do would be to cultivate the closest and friendliest commercial relations with a country that takes such a vast amount of our exports. The Republican policy, however, has had a tendency to drive all this trade away from us.

It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at J. James Wood's.

Judge Denny is in It.

A report was sent out from Lexington Thursday that Judge George W. Denny had agreed to withdraw from the race for the Republican nomination for Governor, but his friends say there is no truth in it. He is in the contest, and if Boss Bradley or Col. O'Neal wants the honor they will have to fight for it.

THE NEW LAW

Regulating the Property Relations of Husband and Wife.

The Governor Approved it Thursday. Changes in the Statute of 1891 2-3 in Full.

The following shows the changes made by the new statute in the law relating to the property rights of married women. Except as indicated below article 3 of chapter 205 of the acts of 1891-2-3 remains substantially the same:

32. Marriage shall give to the husband, during the life of the wife, no estate or interest in the wife's property, real or personal, owned at the time or acquired after the marriage. During the existence of the marriage relation the wife shall hold and own all her estate to her separate and exclusive use and free from the debts, liabilities or control of her husband. No part of a married woman's estate shall be subjected to the payment or satisfaction of any liability, upon a contract made after marriage, to answer for the debt, default or misconduct of another, including her husband, unless such estate shall have been set apart for that purpose by deed of mortgage or conveyance; but her estate shall be liable for her debts and responsibilities contracted or incurred before marriage, and for such contracted after marriage, except as in this act provided.

33. A married woman may take, acquire and hold property, real and personal, by gift, devise or descent, or by purchase, and she may, in her own name, as if she were unmarried, sell and dispose of her personal property. She may make contracts and sue and be sued as a single woman, except that she may not make any executory contract to sell or convey or mortgage her real estate, unless her husband join in such contract; but she shall have the power and right to rent out her real estate and collect, receive and recover in her own name the rents thereof, and make contracts for the improvement thereof. A gift, transfer or assignment of personal property between husband and wife to be good as to third persons, must be recorded as chattel mortgages are required to be recorded.

34. Husband and wife may sell and convey her lands or chattels real, but the conveyance must be acknowledged and recorded in the manner required by the chapter on conveyances.

35. The husband shall not be liable for any debt or responsibility of the wife contracted or incurred before or after marriage, except to the amount or value of the property he may receive from or by virtue of marriage, but shall be liable for necessities furnished to her after marriage.

36. After the death of either the husband or wife the survivor shall have an estate for his or her life in one-third of all real estate owned by the deceased, or held by any one of his or her use during coverture, and an absolute estate in one-half of all the surplus personally left by such deceased.

37. A married woman, if she be of sound mind and twenty-one years of age, may dispose of her estate by last will and testament, subject to the provisions of this act.

38. The provisions of this chapter relating to the wife's dower or interest in the husband's estate shall apply as near as may be to the husband's interest in the wife's estate.

39. All laws or parts of laws in conflict with the provisions of this act are repealed.

The new law omits, and thus repeals, section 56 of the Husband and Wife act in the acts of 1891-2-3, which relates to stock in any bank or other corporation held by a married woman, where it is expressed on the face of the certificate or stock transfer book that the stock is for the use of such female.

The new statute likewise omits and repeals section 57 of the old law which provides that separate estates and trust estates may be sold and conveyed in the same manner as if such estates had been conveyed or devised absolutely.

The sections of the old statutes which authorize a married woman to bring a suit and obtain a judgment empowering her to trade as a feme sole are, of course, omitted.

The new statute becomes a law ninety days after March 13th, having been approved by the Governor Thursdays.

CAPTAIN DEARING.

It is Reported He Will Enter the Contest For the Nomination For Congress.

A special from Flemingsburg says: "A report that Captain W. G. Dearing, of this city, proposes to contest with Hon. R. K. Hart for the Democratic Congressional nomination has alarmed Mr. Hart's friends. Mr. Hart has already demonstrated his ability to win the nomination over the other aspirants, but it is hard to tell the result of a contest between Messrs. Hart and Dearing. They live in Fleming County, where each has a large following. Mr. Hart is at present the Representative in the Lower House of the General Assembly and has been for three terms."

"In the session just adjourned he was especially energetic and efficient. Prior to entering the Legislature he was Sheriff of the county. Captain Dearing has been elector on the Presidential ticket twice in this district, and has twice thoroughly stamped it. He is at present the Democratic nominee for County Attorney, and under the old Constitution was Flemingsburg's Mayor."

NOT TRUE.

A telephone message from Flemingsburg this morning says there is no truth whatever in the above report. Captain Dearing says the report was sent out without his knowledge. He is not a candidate and will not be. He is for Mr. Hart in the present contest.

GETTIN' RELIGION.

Senator Blackburn Won Over by Evangelist Moody's Eloquence.

WASHINGTON, March 13.—Every United States Senator found in his mail this morning a neat little package of religious tracts, encircled by a rubber band and bearing on its face the words, "Compliments of J. C. S. Blackburn." This was the popular Kentucky Senator's device for announcing to his associates that he had abandoned forever his old life and entered upon a new and untried existence as the result of the convicting eloquence of Evangelist Moody, who has been holding revival meetings in Washington for a month. Very early in the course of the Moody meetings the Kentuckian began to exhibit remarkable interest in them. He became a regular attendant, and sat on the platform night after night, within a few feet of the evangelist, and it was noticed that the two had frequent conversations together.

Then Mr. Blackburn began to invite some of his friends to the meeting, and everybody understood that he was very much impressed, but that the idea that jovial "Joe" Blackburn, who had for his whole life led the gay existence which is peculiarly adapted to the Kentucky temperament, should really become converted by Moody's teaching and enter on the work of evangelization himself, even in a small way, never entered anybody's head.

The tracts with which Joe favored his friends to-day were four in number. One is a brilliant little affair in red, entitled "Strong Drink, or the Temperance Song in God's Work," which is filled with pertinent Biblical quotations against the evils of intemperance.

Senators Squire, Proctor and Gray were also very constant in their attendance upon the revival meetings, and the last named two nightly added their deep bass voices to the chorus. Mr. Squire is Mr. Blackburn's intimate, personal friend and companion.

These Senators, with other public men, were contributors to a fund started by Mr. Blackburn for the purpose of continuing the Moody and Sankey meetings ten days beyond the date set for the close of the revival.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there were no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at J. Jas. Wood's drug store. Regular size 50c. and \$1.

Wants a Good Wife.

The Maysville correspondent of the Commercial Gazette sent his paper a special about the finding of that catup bottle in Limestone Creek a few days ago containing a slip of paper with the names of several young ladies who were represented to be very anxious to secure a correspondent with a view to matrimony.

Yesterday, Postmaster Chenoweth received a letter from Sam Houston, of Rock Island, Warren County, Tennessee, with a clipping from the C. G. Houston says: "If there is anything in this, please refer the young ladies to me. I can give the very best of references, and I want a good wife."

The Great Cake Walk.

It is part of the programme of the Home Minstrels on Wednesday evening, March 21st, and will be very funny. The prize cake will placed in Nelson's window next Thursday. The remains will be taken to Ripley to-morrow morning for interment. She was the mother of Messrs. W. H. and J. T. Frederick, and was a member of the M. E. Church. Rev. D. P. Holt will conduct the funeral services.

SOMETHING WRONG.

Many Seemingly Incongruous Phases of Our Laws, Social and Statutory.

Winchester Democrat: "The late unhappy domestic tragedy enacted in our city by which the girl wife of an unhappy husband fills a suicide's grave, serves to illustrate several seemingly incongruous phases of our laws, social and statutory. One of these is a fact that a boy is not considered capable in the eye of the law of buying a horse until he becomes of age, yet he may take upon himself the tremendous responsibilities of a husband and father years before that time.

"A girl may not legally buy herself a calico dress, because she is too young, and yet be old enough to choose a partner for life, and assume a mother's responsibility for the rearing of children whose souls shall exist throughout eternity; nay, more than that. At twelve years of age she may legally consent to the ruin of herself, morally, socially and spiritually.

"There is something wrong in this, and it is not altogether the law. It is the great moral force of public opinion which looks with tolerance upon the union for life of a boy and girl whose minds are too immature to distinguish between a passing fancy and that steadfast affection that is so essential to a happy married life. It is true that many of these youthful marriages are happy ones, but in too many cases, like the one we have just mentioned, these childish unions are productive of nothing but misery to all concerned."

EVANGELIST FIFE.

He Will Reach Maysville March 28th. His Meeting at Charleston Very Successful.

Rev. W. P. Fife, the evangelist, will not reach Maysville until the evening of March 28. He caught a severe cold at Charleston and was compelled to close his meeting there last night. There were one hundred conversions the night before.

In a private letter he says: "The whole town is being reached—merchants close up, schools shut down, lawyers, judges and all classes coming out for Christ."

He requests the churches of this city to hold union services on Sunday night, March 25th, and the following nights until he comes.

The union revival to be conducted by Rev. Fife will be held in the First Baptist Church.

HOUSE PROCEEDINGS.

Sundry Civil Bill Occupies the Entire Day.
A Night Session Held.

WASHINGTON, March 17.—In the house, after the passage of a resolution calling upon the secretary of the treasury for information as to measures taken by him for local supervision and inspection of public buildings, the house went into committee of the whole and resumed consideration of the sundry civil bill.

At 5 o'clock the house took a recess until 8 o'clock in the evening.

About 50 members were present at the night session. A bill to relieve W. H. Coborn from the charge of desertion led to hot words between Mr. McKeighan and Mr. Talbert of South Carolina, in which the former charged the latter with trying to make cheap capital by objecting to meritorious pension cases, and the latter in reply professed his high regard for brave Union soldiers, at the same time declaring his irreconcileable hostility to the Union soldiers who were mustered to the army from grogshops, and who became camp followers, coffee coolers and bounty jumpers. The bill was finally reported favorably.

After action on several private pension bills, the house at 10:25 adjourned.

SISTER M. ROSINA DEAD.

She Was Mother Superior of the Order of the Sisters of Charity.

NEW YORK, March 17.—Sister M. Rosina, mother superior of the Order of Sisters of Charity of the United States, died at the mother house at Mount St. Vincent, in Westchester, yesterday.

Sister Rosina was born in Charleston 69 years ago. Her name was Margaret Whittemore and her family was prominent socially. When 24 years old she entered the convent. She became mistress of novices and later secretary and assistant mother. Two years ago she was made mother superior.

PUT DYNAMITE IN THE STOVE.

A House in Ruins and an Entire Family in Mourning.

DULUTH, March 17.—Edward Wagner, a German laborer, put three sticks of dynamite in the oven of the family cook stove to thaw out yesterday. The house is now in ruins, and the family in mourning.

Otto Wagner, aged 13, is dead; Mrs. Edward Wagner, fatally burned and bruised; Edward Wagner, slightly hurt; Martha Wagner, aged 12, seriously cut and bruised; Baby Wagner, aged 2 years, cut and bruised.

NOT AS DISASTROUS AS REPORTED.

BOISE CITY, March 17.—The recent dam disaster is not so serious as at first reported. The farm land is not overflowed, and \$10,000 will make the dam good in time to prepare water for irrigating.

CONDENSED NEWS.

Short Items From Various Parts of the Country.

Hunnicke Brothers at 706 Lucas avenue, St. Louis, and dealing wholesale in hats, caps, etc., have made an assignment. The failure was caused by pressure of claim for \$12,000 borrowed money made by Hunnicke's mother. The assets are about \$75,000; liabilities, including the borrowed money claim, about \$175,000.

FISHERMEN IMPERILED.

Sixteen Men Saved From a Wrecked Vessel After Hours of Exposure.

GOLOCESTER, March 17.—The halibut fisher Blanche of this port, sought shelter in Port-au-Basque, N. F., when a sudden change of winds filled the harbor with icebergs. The schooner was driven upon the rocks, but was later swept out to sea with the ice, which rose high above her masts and swirled about her, grinding, tossing, and finally sweeping her under, 50 miles from land.

The crew of 16 saved themselves by jumping upon a floe in the middle of the night and upon this they drifted for 20 hours. They had been able to toss out a little food and their mattresses, and by making bonfires of the latter, they saved themselves from freezing, but they were nearly dead from the exposure when another change in the wind drove them to the shore.

SUICIDE BY STRANGLING.

INDIANAPOLIS, March 17.—During the temporary absence from home of William Barker his wife committed suicide by strangling herself to death. She left a note laying the blame upon her parents.

THE MODERN MOTHER.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

JUDGE DENING, of Mt. Olivet, and Mr. Henry Thompson, of Mayslick, were out among the tobacco growers of Shannon this week, looking for a few barns of good leaf showing color and body, which they found, but their views and the holders' were not coincident, and no sales were made.

ROBERT L. WARE and Miss Mary E. Daly were married Feb. 14, at Anadarko, Indian Territory. This is the groom's second venture on the sea matrimonial; he is a native of Mason County and is a brother of Mrs. Dr. Browning of Shannon. The Bulletin joins in good wishes to the couple.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
